Usher syndrome, type III
Walker-Warburg syndrome

- ▶ About **1 in 8 people** are found to be a carrier when tested for these diseases.

WHY TEST FOR THESE DISEASES?

- ◀ These diseases cause serious health problems, beginning in infancy or childhood.
- ◀ Children born with these diseases often benefit from early diagnosis and treatment.
- ◀ Most children born with a genetic disease have no affected family members.
- ◀ Medical guidelines recommend testing for these diseases.
